

The New Standard of Quality

Emphasis on Detail

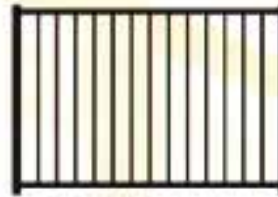

S7 - Horizon

This Horizon has a view in mind with its classic design, smooth rail on top and picket spacing of 1 1/2" between pickets is built for harmony in the landscape.

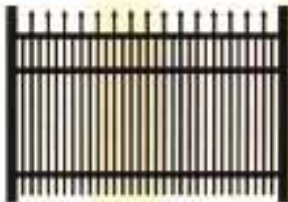

S10 - Derby

The simplicity of this basic two rails smooth top with enclosed pickets is ideal for pool applications and is also excellent for balconies and decks.

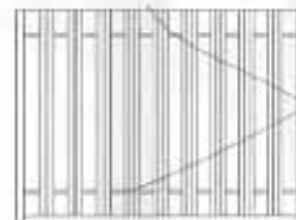

S8 - Falcon

With every other picket thrusting a spear point through the top rail and with 1 1/2" picket spacing, this fence was created to make the vision of your landscape soar.

S11 - Solid Panel

This aluminum board on board privacy design offers a unique alternative to wood or vinyl privacy.

S9 - Storrs

The height of simplicity, this fence with smooth top rail has been modified so that pickets do not extend through the bottom rail.

Doggie Panel Modification

Any standard panel maybe modified to incorporate a Doggie Panel in lower third section. This will keep smaller pets in or add detail to any design.
